Skills

React | **TypeScript** | **Next.js** | Redux Toolkit | JavaScript | Tailwind CSS | React Router | React Hook Forms | HTML | CSS | SCSS | WebPack | Vite | Framer Motion | Storybook | GSAP | Jest | REST API | Git | Strapi | Wordpress | PHP 7+

Experience

Middle Front-end Developer (React / TS)

InsulaLabs

Remote – 12/2023 - Current

Stack: TS, React, Next.js, Tailwind CSS, Storybook, CMS Strapi.

Team: 3 FE, 1 BE, 2 QA, 2 Designer, 1PM, 1 Supervisor.

Tasks:

- Created adaptable templates for web applications, aligning with clients' business needs and initiated a modular template architecture, leading to a 45% reduction in development time.
- Worked closely with designers to craft interactive and responsive user interfaces using React, Next.js, and Tailwind CSS, ensuring a seamless and engaging user experience.
- Championed the integration of Storybook into the development workflow, designing UI components for enhanced reusability and consistency, resulting in a 60% improvement in interface consistency across projects.
- Seamlessly integrated Strapi CMS into projects, facilitating straightforward content management and empowering clients with efficient, user-friendly editing capabilities.

Middle Front-end Developer (React / JS)

EverestMedia

Remote – 10/2022 - 11/2023

Stack: JS, React, Axios, React Hook Forms, i18next, Framer Motion.

Team: 5 FE, 2 BE, 2 Designer, 4 QA, 1PM.

Tasks:

- Development of unique SPA applications, including complex registration and navigation forms, taking into account different localizations.
- Integration with APIs using Axios for efficient data exchange between the frontend and backend.
- Create and manage forms with React Hook Forms for easy data entry and validation.
- Reviewing code from other developers to maintain high code quality and compliance with standards.

Part-time Front-end Developer

Foxtrot

Remote – 07/2022 - 10/2022

- Assisted the implementation team in resolving visual content issues on product pages.

Middle WordPress developer

UFUTURE / Unit.City

Kiev – 03/2021 - 07/2022

- Developed complex corporate and e-commerce sites with seamless WordPress integration and custom admin panels.

Part-time Front-end Developer

Freelancer

Remote – 06/2020 - 03/2021

- Implemented clients' website concepts in a short time frame and provided technical support after project completion.

Junior WordPress developer

Seoprofy

Kiev – 10/2019 - 06/2020

- Created landing pages with integration into WordPress.

Education

- Bachelor's and Master's in Automotive Transport
- Department for Reserve Officer Training

National Transport University

Kyiv • 2017 - 2024

Ivan Chernyakhovsky Ukrainian Defense University

Kyiv • 2020 - 2022

What I'm Looking For

I am looking for a company with a technology stack of **React**, **TypeScript**, and **Next.js**, where my work will have a noticeable **impact on the product and business**. I want to be part of a team that creates valuable solutions. As a **team player**, I am also ready to take on management responsibilities. **Remote work** and a flexible schedule are important for balancing professional and personal commitments effectively.

Current as of 01.09.2024
