## MIDDLE FRONT-END DEVELOPER [React, TS]

---

Hello! I am looking for a large or small company where the primary technology stack is React and TypeScript. I am ready to quickly and efficiently address all business requests. I am also open to learning new technologies, so it's hard to scare me with something new. I am committed to a long and productive collaboration.

## SKILLS

---

React | Redux Toolkit | TS | Angular(basic) | Wordpress | HTML | PUG | CSS | SCSS (Flexbox, Grid, Css) | Tailwind CSS | GSAP | JavaScript(ES6+) | JQuery | PHP | GulpJS | Webpack | Vite | Webflow | Bootstrap 4/5 | Git | GitHub | GitLab | Photoshop | Figma | Docker

## EXPERIENCE

---

### Middle Front-end Developer (React) / Senior Markup Developer

Insula Labs

January 2024 - Present

Development and maintenance of small to medium SPAs using React. Developing and implementing new functionality. Refactoring using TypeScript. Improving site performance by optimizing JS and SCSS code.

### Middle Front-end Developer (JS)

EverestMedia

March 2023 - December 2023

Developing multi-page websites for a specific company product, implementing multi language functionality, adding new features, and fixing bugs on existing websites. Rewriting outdated code to meet new standards. Designing and implementing a component-based approach for creating the company's product websites.

### Part-time Front-end Developer

Foxtrot

December 2022 - March 2023

Completing tasks related to developing new components and fixing bugs in existing ones.

### Middle WordPress developer

UFUTURE

January 2022 - October 2022

Creating new designs and redesigning existing partner websites, fully integrating the developed designs with WordPress, and performing initial SEO setup. Providing support and adding new functionality to existing websites.

### Part-time Web Developer

(Freelance)

July 2020 - December 2021

Completing tasks related to frontend development, WordPress integration, developing and adding new functionality, bug fixing for both existing and new client orders.

### Junior HTML coder / Junior WordPress developer

Seoprofy.ua

October 2019 - June 2020

Development of single-page websites with easy integration into WordPress.

## EDUCATION

---

### Bachelor's and Master's in Automotive Transport

National Transport University • Kyiv • 2024

### Department for Reserve Officer Training

Ivan Chernyakhovsky Ukrainian Defense University • Kyiv • 2022

## EXPECTATIONS FROM THE JOB

---

I expect a technology stack of React.js and TypeScript. I am looking for a fully remote job and a friendly, supportive team. I seek good compensation for diligent work and new, challenging tasks for me as a developer.
